IN & OUTDOOR

Impilabile, leggera e resistente.
Stackable, light and resistant.

Sailor è una collezione composta da sedia, sgabello e lounge. Tutti i prodotti di questa linea sono impilabili. Invece della tradizionale tecnica intrecciata usata per le sedute, il design si ispira alle reti dei pescatori, che vengono associate al sole, alla spiaggia e all'acqua di mare. Le corde nautiche in poliestere e le strutture in acciaio sono resistenti alle intemperie, sia nella stagione fredda che in quella calda. Pensiamo al nostro mondo! Sailor è un prodotto durevole che richiede poca manutenzione, è realizzato con materiali riciclabili provenienti da aziende locali.

Sailor is a collection made of chair, barstool and lounge. All products of this line are stackable. Instead of the traditional rope braiding techniques for seating products, the design is inspired by fishermen nets, which are connected with the sun, beach and sea water. The polyester nautical ropes and the steel frames are weather resistant, both in cold and hot season. We think to our world! Sailor is a durable product and has low maintenance requirements, it's made with recyclable materials, which are produced by local manufacturers.

Whether for outdoors, where rain, sun, wind and humidity are absolute enemies of furniture. Whether it's for a home. Whether it's for a hotel, a restaurant, a pub. Whatever environment it's in, the versatility of Sailor and its attractive design will be emphasized.

RIVER COLLECTION 903

design **mac stopa**

Ispirata alla natura.
Inspired by nature.

La collezione River è un omaggio alla natura: ispirandosi alle forme organiche della sabbia nel bagnasciuga del mare, scolpito dal vento e dall'acqua, il designer Mac Stopa ha realizzato un ampio programma di sedute con geometrie tridimensionali moderne e originali. La collezione è composta da sedia, lounge, tavolino da caffè e due diversi pouf.

The River collection is a tribute to nature: inspired by the organic shapes of the sand on the shore of the sea, sculpted by the wind and water, the designer Mac Stopa has created a wide range of seats with modern and original three-dimensional geometries. The collection consists of a chair, lounge, two different poufs and coffee table.

Molteplici destinazioni.
Multiple destinations.

Dinamismo è il termine che descrive al meglio la collezione River. Grazie alla sua versatilità è perfetta in giardini e terrazze, in concept outdoor di ristoranti e caffetterie e pure in SPA, centri wellness e piscine, dove la presenza di acqua e umidità rendono spesso delicato il mantenimento dei complementi d'arredo.

Dynamism is the term which best describes the River collection. Thanks to its versatility it is perfect in gardens and terraces, in outdoor concepts of restaurants and cafes and also in SPA, wellness centers and swimming pools, where the presence of water and humidity often makes the maintenance of furniture difficult.
